مؤسسة الفريد المتطور للتجارة

TRADING • MEP CONTRACTING • ENGINEERING SOLUTIONS

COMPANY PROFILE

Yanbu, Kingdom of Saudi Arabia

www.alfreid.com.sa

01. About Al Freid

Al Freid Trading & Contracting - Yanbu, KSA, registered as مؤسسة الفريد المتطور للتجارة (Al Freid Al-Mutattur Est. for Trading), is a Saudi-based establishment headquartered in Yanbu, Kingdom of Saudi Arabia, operating across two integrated lines of business: the trading and distribution of industrial tools, hardware, and safety equipment, and the delivery of Mechanical, Electrical, and Plumbing (MEP) contracting services, including HVAC systems, fire protection and life-safety systems, and electrical works.

The company is formally registered with the Saudi Ministry of Commerce and the Zakat, Tax and Customs Authority (ZATCA), and maintains a verified National Address in Yanbu. Al Freid combines a reliable supply chain for industrial hardware with an on-ground technical execution team capable of installing, testing, and commissioning MEP systems for industrial, commercial, and institutional facilities.

Our approach is built on responsiveness, technical discipline, and close coordination with clients and main contractors — from sourcing the right tools and materials to executing MEP works safely and to specification.

LINE OF BUSINESS — A

Trading

Industrial tools, hardware, safety equipment, and MRO supplies for construction, maintenance, and industrial operations.

LINE OF BUSINESS — B

Contracting Services

Full MEP works — mechanical, electrical, fire protection & life safety, and plumbing — from design through commissioning and AMC.

02. Vision & Mission

Our Vision

To work hard to achieve the highest level of positive customer feedback by building a partnership relationship with our clients — earning their trust and loyalty — while providing optimal solutions to their needs through products and services of outstanding value and quality.

Our Mission

To be a dependable single point of contact for industrial trading and MEP contracting in the Kingdom, delivering the right tools, materials, and technical execution — on time, safely, and in full compliance with client specifications and Saudi regulatory requirements.

03. Core Values

Excellence

Committed to the highest standard of workmanship and customer service in every trading and contracting engagement.

Integrity

Conducting business with honesty and transparency, building lasting trust with clients, suppliers, and partners.

Reliability

Delivering on commitments — the right products, on schedule, and MEP works completed to specification.

Safety First

Applying strict health, safety, and environmental (HSE) discipline across all site and workshop activities.

Customer Focus

Building long-term partnerships by understanding client needs and offering practical, cost-effective solutions.

04. Scope of Work

A. Trading — Industrial Tools, Hardware & Supplies

Al Freid supplies and distributes industrial tools, hardware, safety equipment, and MRO materials, including:

- Air tools — impact wrenches, die grinders, couplers, and air hose accessories
- Hand tool sets, socket sets, and bit socket sets
- Lifting & strapping equipment — chain hoists, lever blocks, cable winches, strapping and hose clips
- Industrial supplies — pipes, pipe fittings, valves, flanges, gaskets, pumps, compressors, bearings, fasteners, industrial hoses, and welding consumables
- Safety and personal protective equipment (PPE)
- Networking and communication equipment

B. Contracting Services — MEP Works

Al Freid's technical execution team delivers complete MEP contracting — engineering, procurement, installation, testing, commissioning, and maintenance — for industrial, commercial, and institutional facilities:

- Mechanical — HVAC systems, air conditioning installation, chilled water systems, ventilation & exhaust systems, duct fabrication & installation, pump and mechanical equipment installation, industrial piping, pipe fabrication, valve installation, pressure testing
- Electrical — power distribution, LV electrical systems, cable & cable tray installation, earthing & grounding, lighting systems, control panels, MCC installation, electrical testing
- Fire Protection & Life Safety — fire alarm & detection systems, fire pumps and pump rooms, fire hydrant and hose reel systems, fire suppression systems, testing, commissioning, and Annual Maintenance Contracts (AMC), executed to NFPA, Saudi Building Code (SBC), and Civil Defense requirements
- Plumbing — water supply systems, drainage & sewer networks, pumps, water tanks, pipe installation, sanitary fixtures, and plumbing maintenance

Al Freid works directly with facility owners and as a specialist subcontractor to main contractors, coordinating closely on-site to meet project schedules and technical specifications.

05. Why Choose Al Freid

- Dual capability — one partner for both hardware trading and MEP execution, reducing coordination overhead for clients
- Registered and tax-compliant Saudi establishment with a verified National Address
- Hands-on technical team experienced with major MEP brands and control systems
- Responsive, client-focused approach from quotation through commissioning
- Based in Yanbu, positioned to serve the Yanbu industrial and residential sectors and wider Western Region

06. Our Clients
